On June 11-12 Mr. Scott Pruitt, Administrator of the U.S. Environmental Protection Agency (EPA) will be in Italy, in Bologna, to attend the G7 Environment Ministerial Meeting. On that occasion, ENEA will organize a restricted meeting to be held on June 8 at its Headquarters in Rome.

That will be an opportunity for high level dialogue and confrontation among representatives from the scientific and entrepreneurial communities on issues of particular importance and interest (see the enclosed programme agenda).

I would be particularly honoured if you could contribute to such initiative with your presence. Dr. Marina Leonardi, Head of the International Relations Office (relint@enea.it), is the reference contact that can provide you with further information on the event.

Looking forward to hearing from you, please accept my best regards.

Yours sincerely,

Federico Testa
